Party tent PZ 4000

Product Images

Short Description

Built to last and perfect for weddings, graduations, sporting events, church functions, company events and picnics, concerts and more! Our outdoor tents for sale will accommodate your needs, your guests, and parties of all sizes.

Description

General

The party tent has vertical side walls. The white tent roof is fitted with a trap with a wavy edge and is flame-retardant in accordance with DIN 4102. Corner curtains are sewn onto all 4 corners to cover the support poles.

The gable walls can be unhinged and each has a zippered entrance in the middle. The side walls are connected with zippers in several parts and removable in each section. The walls are available either in white or in a striped design, the quality corresponds to that of the roof fabric.

Frame system

Frame

The frame is made of longitudinally welded anodized aluminum tubes, with a diameter of 40 mm, and a wall thickness of 1.5 mm, made of material AL Mg 4.5 Mn.

Connectors

Tube connections are made of aluminium and hot-dip galvanized steel, and base plates are made of hot-dip galvanized steel.

Anchoring

Round steel pegs and T-profile pegs as well as steel profile tent pegs with hooks for fastening the tent to the ground are resistant galvanized.

Tent skin

Tent skin made of PVC-coated polyester fabric on both sides (white and stripe design: 650 g/m^2); flame-retardant, waterproof and rot-resistant. The mud flaps are made of the same material as the walls.

Features

Standard equipment

Tent skin, frame with pegs, 1 set of guy ropes, packing bags for tent skin and frame, wooden box for accessories.
