

## Portable sink

### Product Images

### Short Description

Our portable sink is sturdy, rustproof, and perfect for outdoor handwashing. Compact, durable, and easy to set up with two persons.

### Description

Maintain hand hygiene anywhere with our versatile, portable sink. Featuring a lightweight aluminum housing and a rustproof stainless-steel basin, this solution stands up to demanding environments.

Key Features:

- 1 or 2 sink configurations: Choose the option that fits your needs.
- Water mixing tap: Adjust water temperature for optimal comfort.
- Permanent mirror: Mounted inside the lockable lid for added convenience.
- Geka couplings: Three clearly marked (cold, warm, grey water) for hassle-free connection.
- Easy cleaning: Compatible with common detergents and disinfectants.

Suitable for:

- Camps
- Mines
- Field hospitals
- Military operations

Additional Notes:

- Requires two people for setup and dismantling.
- Connection hoses and water heater are not included.

This portable sink offers a reliable and practical solution for handwashing wherever you go. Order yours today!
